PROMOTION / RELEGATION

Exceptionally for 2019 edition, the following relegation and promotion principles is to be used, in order to enable the new system of distribution of teams among leagues (approved by European Athletics Council in April 2018) to come into force from 2021 edition:

The lowest 5 (five) classified teams in the Super League shall be relegated to the First League. The first classified team of the First League shall be promoted to the Super League. Consequently, **5 (five) lowest classified teams of the First League shall be relegated to the Second League**, while the first classified team of the Second League shall be promoted to the First League. Consequently, 5 (five) lowest classified teams of the Second League shall be relegated to the Third League, while the first classified team of the Third League shall be promoted to the Second League.
